

UNINTERRUPTIBLE POWER SUPPLIES

News Release

Mitsubishi Electric Power Products' UPS Division Opens Northeast Regional Service Offices to Support System Solutions

WARRENDALE, PENN. — October 4, 2011 — [Mitsubishi Electric Power Products'](#) Uninterruptible Power Supplies (UPS) Division has opened two [service support offices](#) in the greater New York and Boston metropolitan areas. The Mitsubishi Electric-trained service technicians will provide startup services on UPS equipment, factory and site testing, thermographic imaging, and perform planned maintenance. They join a network of more than 200 service technicians in North America who will help ensure Mitsubishi Electric UPS customers experience a response time of four hours or less at sites within 100 miles of a service office.

Mitsubishi Electric offers several UPS support options based on a customer's needs: The Bronze Plan that provides maintenance visits during regular business hours; the Silver Plan that covers repairs, parts and labor; and the Gold Plan that offers the highest level of coverage for a UPS system.

“World-class service and support are essential parts a complete UPS system solution,” said Dean Datre, general manager, Mitsubishi Electric Power Products' UPS division. “Our new northeast regional support centers will help us ensure that our customers' mission-critical equipment will be up and running for years to come.”
