HVDC Diamond® System

Brilliant

Your trusted point-to-point connection to all facets of VSC HVDC

The leader in high-voltage DC applications is your local, single source for Voltage-Sourced Converter (VSC)-based HVDC systems and equipment:

- Mitsubishi’s next generation X-Series IGBTs
- Unique Modular Multi-Level Converter (MMC) configuration
- 50MW HVDC verification facility
- Local value-added services: from initial engineering studies to after-sales maintenance and support
